

Breakfast Club and After-school Club - 'Cygnets'

Whilst we do offer excellent wraparound care for our pupils, this is not available immediately on starting school in Reception. We take transition to full-time education very seriously and as such, need quality time to assess if the children are emotionally, behaviourally and developmentally ready to remain in school for such a long day. We also have to carefully consider staffing ratios when including pupils as young as four years old.

Once the class teachers have assessed that individual children will be able to manage attending wraparound care, parents and carers will be advised that they can go ahead and book a place.

Parents and carers will be able to book a place at these clubs - *spaces permitting* - **from Friday 18th September 2026** up to midnight **Thursday 24th September 2026** for the following week's attendance, beginning **Monday 28th September 2026**.

More details about how to book places at one or both of these clubs will be available in the **Parent Handbook 2026/2027** which will be shared with new parents and carers soon.
